Greetings from Ferraris Brokers Trust

The Protection of Personal Information Act (POPIA)

The Protection of Personal Information Act (POPIA) is the comprehensive data protection legislation that obliges organisations to deal with the processing of personal information by applying specific principles and conditions. POPIA deals with your constitutional right to privacy and the right to access information. POPIA was signed into law by our President on 1 July 2020 to be effective by 1 July 2021 and much work has taken place behind the scenes in preparation for this deadline.

1. What does POPIA mean for you as a client?

Ferraris Brokers Trust has always been committed to treating client information in an ethical manner and POPIA provides the legal framework and requirements for this treatment. All Financial Service Providers are now obliged by law to deal with client information with far more diligence than ever before. This includes how and why information is collected, how it is processed, shared, stored as well as access to this information.

2. Please take note of the following POPIA changes:

2.1 Ferraris Brokers Trust Privacy Notice on our website and social media page

Our website is currently under construction. Our Privacy Notice provides the details of how we deal with the personal information of our clients and it is available on our Facebook page.

2.2 Ferraris Brokers Trust Privacy Notice in our policy wordings

The POPI Act also requires us to include a summary of how we deal with your personal information. The following clause will form part of our POPIA policy wording effective 1 July 2021.
